GSDC of America Title

- 30 Points – Performance Award of Merit

The following are the new titles for the point schedule for the ATAA awards program. These titles are for the working dogs of our breed. The sire and dam will receive 40 points for the first certification earned in whatever category and receive 20 points for the second certification and 10 points for any subsequent certifications. Listed below are the categories and sub-categories.

These dogs must follow the same guidelines as other participants. They must be pure bred, no disqualifying faults and a letter from a judge attesting to that fact. Breeders must be members of the Parent club or have made application. They must send a copy of the certification at the time of submission. Certifications recognized will be National, State and local (city or county).
