### **A Complete Set of Regulations applying to Herding Events is located at the AKC website:**

**[www.akc.org/rules](http://www.akc.org/rules)**

Exhibitors should follow their veterinarians' recommendation to assure their dogs are free of internal and external parasites, any communicable diseases, and have appropriate vaccinations.

## Eligibility of Dogs

- All dogs 9 months of age or older from the eligible breeds may participate in this Herding Event. Dogs of the breeds listed in the AKC Herding regulations or recorded with the Purebred Alternative Listing Program/Indefinite Listing Privilege (PAL/ILP) or dogs with Conditional registration are eligible.

**Bitches in season shall be eligible and will run at the end of the class in tests and in catalog order as listed in the class in trials.**

## LIVESTOCK INJURIES / REPLACEMENT

Exhibitors are responsible to pay for any livestock injuries or replacement value [sheep/goats \$250, duck \$50] in the event of death of any livestock by their dog. In case of any injury to stock caused by the dog entered, exhibitor assumes total responsibility for any damage and will pay the full veterinarian bill if the injury is slight.

**Livestock.** The suitability and quality of the livestock used in tests and trials is of paramount importance. An un-entered dog should work stock the day before the test and trial. Horned stock can be used but must be well accustomed to being worked by dogs and exhibit reasonable behavior.

Suitable livestock used for testing is healthy, non-combative (docile) and accustomed to being worked by loose-eyed, upstanding breeds. Livestock for testing must flock (group) easily and be accustomed (in the case of the fetching dog) to approaching the handler as soon as the dog gets behind them or (in the case of the driving dog) willing to move away from the handler. It is preferable that test stock be easily moved but not flighty or excessively light. Orientation to the handler should be reliable.

Livestock used for trials should be healthy and accustomed to being worked by loose-eyed, upstanding breeds. Trial livestock should flock adequately when pressured by the dog and be accustomed to approaching and being handled by people. They should not be knee huggers and should accept driving as easily as fetching. Trial stock should be dog broke but not course trained, although they should be reliably familiar with obstacles and their negotiation. Trial stock should be pliable and maneuverable enough to permit a trial dog to show its natural ability and instinct to read and direct the stock. Stock for the Started and Intermediate classes should be of the same workability as that which is provided for the Advanced class.

Livestock handlers may use food to control the stock in the arena, but the dog's handler shall not carry food in the arena. Judges may authorize that the stock be held and/or settled in test classes and on Courses A and B by one or more persons with grain in a bucket or low feed pan, or by a backup dog. The person(s) or the dog will withdraw as soon as is feasible. Lambs should be at least 5 to 6 months old and ducks should be at least 4 months old. Ewes with nursing lambs must not be used.

**Test & Trial Move-Ups.** A dog may be moved up to the next class in a test or trial in which it is entered and for which entries have closed when, according to the owner's records, the dog has met the title requirements for the class in which it is entered. A dog may be moved up in the next test or trial, provided that the next level class is available (i.e.: offered in the premium list) and that a Judge is available, and, provided further, that the class is not filled. Notification must be made to the Test/Trial Secretary at least one-half hour before the start of the event. The dog cannot be moved up at the event on which it completes its qualifications for a title, or if the move-up would enter a dog twice under the same Judge.

## Prerequisites.

*There is no prerequisite for entry in a Pre-Trial Test or any trial level. In tests, dogs must demonstrate the ability to move and control livestock by fetching or driving, and be sufficiently trained to work at the proper balance point to move the stock forward on the course. Dogs that constantly prevent the stock from being moved in a controlled fashion, or that chase or harass the stock will not qualify.*

*If a dog is entered in both a test level and a trial level at a single event and qualifies in the trial level, it may run in the test level(s) at the handler's option, but the entry fee shall not be refunded if it is scratched from the test level(s). If a dog qualifies in a test level and attains the second leg toward a test title, a test certificate and title will be issued provided the dog is otherwise eligible, but the dog is no longer eligible for entry in a test level as the result of qualifying in the trial level. A dog may enter a class (level-course-stock) only once per event.*

### **Herding Tested (HT) Title.**

The American Kennel Club will issue a Herding Tested certificate to an eligible dog, and will permit the use of the letters HT following the name of a dog that has been certified by two different Judges to have qualified by passing two licensed or member Herding Tests. A dog may enter a Herding Test more than once at a single event (provided that the Herding Test is run in more than one division) and earn a HT provided it qualifies under two different Judges at that event.

### **Pre-Trial Tested (PT) Title.**

The Pre-Trial Test is designed to help guide owners into a knowledge of, and participation in, herding activities, and will provide a dog that, while not fully refined by training, is demonstrably capable of performing herding work at a level just below the beginning trial level. The American Kennel Club will issue a Pre-Trial Tested certificate to an eligible dog, and will permit the use of the letters PT after the name of a dog that has been certified by two different Judges to have qualified by passing two licensed or member club Pre-Trial tests. A dog need not have earned the Herding Tested title in order to participate in tests for the PT title. *Inexperienced handlers are encouraged to work first for the Herding Tested title so that they may benefit from the educational experience each test provides.* The Pre-Trial Tested title shall supersede the Herding Tested title when the Herding Tested title has been previously awarded. Neither of the test titles is a prerequisite for participation in herding trials.

**Dogs may continue to enter tests to gain experience after the title for that class is earned with no entry preference.**

### **Herding Started (HS) Title.**

The American Kennel Club will issue a Herding Started certificate designating the specific course and livestock type for an eligible dog, and will identify the titlist by the use of HS (course and livestock) after the name of that dog in official AKC records, once the dog has been certified by two different Judges to have received qualifying scores in the Started classes, same course and livestock type, at three licensed or member club herding trials.

### **Herding Intermediate (HI) Title.**

The American Kennel Club will issue a Herding Intermediate certificate designating the specific course and livestock type for an eligible dog, and will identify the titlist by the use of HI (course and livestock) after the name of that dog in official AKC records, once the dog has been certified by two different Judges to have received qualifying scores in the Intermediate classes, same course and livestock type, at three licensed or member club herding trials.

### **Herding Excellent (HX) Title.**

The American Kennel Club will issue a Herding Excellent certificate designating the specific course and livestock type for an eligible dog, and will identify the titlist by use of HX (course and livestock) after the name of that dog in official AKC records, once the dog has been certified by two different judges to have received qualifying scores in the Advanced classes, same course and livestock type, at three licensed or member club herding trials

### **Herding Masters Title [M suffix effective 1/1/2012].**

A Herding Master title can be earned by receiving eight (8) additional qualifying scores on the same course and stock. This title will be designated with an "M" after the current title. The owner must track these qualifying performances on a Master Title application form developed by the AKC. Upon achieving eight additional qualifying scores, the application form is sent to the Performance Events Department. Upon verification, the title will be applied to the dog's record. The Master title will suppress the title earned for the same course and stock. No Master title certificate will be issued unless ordered by the owner for a fee established by the AKC Board of Directors.
